

Deputy Director of Tobacco Control

Vital Strategies

Vital Strategies, based in New York City, is an international public health organization. We develop and oversee programs to strengthen public health systems and address leading causes of morbidity and mortality, providing expertise in project implementation and management, strategic communications, epidemiology and surveillance, and other core public health capacities. Our specific programs include road safety, obesity prevention, tobacco control, and activities to strengthen public health data systems and the use of public health data to guide policy and decision-making. Activities are based in low and middle income countries and cities in Africa, Latin America, Asia and the Pacific. Please visit our website at www.vitalstrategies.org to find out more about our work.

The Union

The International Union Against Tuberculosis and Lung Disease (The Union), headquartered in Paris, France since 1920, has regional and country offices in Africa, Asia Pacific, Europe, Latin America, North America and South-East Asia. The Union provides expertise in project implementation and management, epidemiology and surveillance, and other core public health capacities on a variety of global health challenges. For more information about The Union please visit www.theunion.org and about The Union's Tobacco Control Department please visit www.tobaccofreeunion.org.

Background

This position will be involved in the tobacco control work of the International Union Against Tuberculosis and Lung Disease (The Union). Specific Duties:

- Provide significant input into the planning of strategic development of the Tobacco Control Department;
- Identify new directions or areas of work for the Tobacco Control Department and assist the Director of Tobacco Control in exploring opportunities of collaboration and funding;
- Support and oversee country and regional teams in program implementation and partner coordination.
- Provide strategic input to Director of Tobacco Control on countries of program operations.
- Liaise between regional and country teams and the Director of the Tobacco Control Department to facilitate communication and timely sharing of information;
- Support the Director of Tobacco Control in day-to-day functioning of the Tobacco Control Department;
- Attend conference calls and meetings with Bloomberg partners on behalf of the Director of Tobacco Control Department when needed;
- Assist the Director of Tobacco Control Department in monthly, quarterly, and annual reporting to Bloomberg Philanthropies.
- The incumbent will report to the Director of Tobacco Control Department at The Union;

- This position will be based in New York City;
- Other duties as required by the Director of the Tobacco Control Department;
- Competitive compensation commensurate with education and experience will be provided.

Qualifications and skill set:

- Master of Public Health required;
- Minimum 15 years' work experience in the field of public health, Minimum 10 years' work experience in the field of tobacco control or NCD, prior experience of working in international settings strongly preferred;
- Minimum 5 years' management experience;
- Excellent communication skills, both face-to-face and in writing;
- Fluency in written and spoken English, fluency in another foreign language a plus;
- Organized, responsive, attentive to details, and collaborative;
- Up to 25% of travel is required.

How to apply:

Applicants interest in the post, should send to hr@vitalstrategies.org their CV, cover letter, any examples of papers that have been published, such as academic papers, and the contact information of three employers who can provided references. Please indicate in the subject line of the email: 'Vacancy Deputy Director – TC'

Application deadline: open until filled.
