

## Program Associate - Tobacco Control

Vital Strategies

Vital Strategies, based in New York City, is an international public health organization. We develop and oversee programs to strengthen public health systems and address leading causes of morbidity and mortality, providing expertise in project implementation and management, strategic communications, epidemiology and surveillance, and other core public health capacities. Our specific programs include road safety, obesity prevention, tobacco control, and activities to strengthen public health data systems and the use of public health data to guide policy and decision-making. Activities are based in low and middle income countries and cities in Africa, Latin America, Asia and the Pacific. Please visit our website at [www.vitalstrategies.org](http://www.vitalstrategies.org) to find out more about our work.

### The Union

The International Union Against Tuberculosis and Lung Disease (The Union), headquartered in Paris, France since 1920, has regional and country offices in Africa, Asia Pacific, Europe, Latin America, North America and South-East Asia. The Union provides expertise in project implementation and management, epidemiology and surveillance, and other core public health capacities on a variety of global health challenges. For more information about The Union please visit [www.theunion.org](http://www.theunion.org) and about The Union's Tobacco Control Department please visit [www.tobaccofreeunion.org](http://www.tobaccofreeunion.org).

### Background

This position will be involved in the tobacco control work of the International Union Against Tuberculosis and Lung Disease (The Union). This program is funded by Bloomberg Philanthropies and is designed to implement best practices of tobacco control policies at the global level. The position will be based in the Vital Strategies offices in New York City. Applicants must have a valid work permit to work in New York City.

### Specific Duties:

- Support the Director and Deputy Directors in liaising with country and regional teams in the global program implementation and partner coordination.
- Support the Deputy Director in the monitoring of the tobacco industry and interpret the industry fallacies from scientific point of view.
- Support the Deputy Director in the monitoring of the debate around e-cigarettes and new products.
- Support the Deputy Director in the monitoring of the scientific literature on all tobacco control issues and provide summary updates for the Department.
- Support the Director of Tobacco Control in day-to-day functioning of the Tobacco Control Department;
- Lead the Tobacco Control Department in monthly, quarterly, and annual reporting to Bloomberg Philanthropies.
- The incumbent will report to the Director of Tobacco Control Department at The Union;
- This position will be based in New York City;
- Other duties as required by the Director of the Tobacco Control Department;
- Competitive compensation commensurate with education and experience will be provided.

**Qualifications and skill set:**

- Master Degree of Public Health required;
- Minimum 5 years' work experience in the field of public health, prior experience of working in international settings strongly preferred;
- Strong research capacity;
- Excellent communication skills, both face-to-face and in writing;
- Fluency in written and spoken English, fluency in another foreign language a plus;
- Organized, responsive, attentive to details, and collaborative;
- Up to 10% of travel is required.

**How to apply:**

Applicants interest in the post, should send to [hr@vitalstrategies.org](mailto:hr@vitalstrategies.org) their CV, cover letter, any examples of papers that have been published, such as academic papers, and the contact information of three employers who can provided references. Please indicate in the subject line of the email: 'Vacancy Program Associate - TC'

Application deadline: open until filled.
