

Request for Proposal from Independent Contractors

Purpose and Scope

The recently launched Tobacco Control Accelerator Fund aims to help advance global tobacco control progress in several low- and middle- income countries. Under this fund Vital Strategies is providing grants and technical support to governments and non-governmental organizations in countries without any best-practice tobacco control measures in place or countries close to implementing all best-practice measures.

The independent contractor will map and establish strategic collaborations with government agencies, key partners and grantees in Angola, São Tomé and Príncipe, and Guinea-Bissau and will be based in Angola. The contractor will provide technical support to government agencies and tobacco control projects.

Vital Strategies Organizational Background

Vital Strategies is a global public health organization. Our programs strengthen public health systems and address the world's leading causes of illness, injury and death. We currently work in more than 80 countries, supporting data-driven decision-making in government, advancing evidence-based public health policies, and mounting strategic communication campaigns. Vital Strategies' priorities are driven by the greatest potential to improve and save lives. They include noncommunicable disease prevention, tobacco control, road safety, food policy, overdose prevention, environmental health, and data for health. Our programs are primarily concentrated in low- and middle-income countries in Africa, Latin America, Asia and the Pacific; the Overdose Prevention Program is our first initiative in the U.S. Please visit our website at www.vitalstrategies.org to find out more about our work.

Consultant Profile

- Master's degree
- Deep understanding of Angola, São Tomé and Príncipe, and Guinea-Bissau government system and connections to government agencies
- Strong understanding of public health and related policy interventions, government relations, and policymaking
- Comprehensive project management skills, with the ability to make sound, informed judgements

Instructions for Respondents

Independent contractors shall send their CV, cover letter and fee proposal via email to tobaccocontrol@vitalstrategies.org. Applications will be reviewed on a rolling basis.
